### His Story

Frederick was born at Cranage in July 1891.

In the 1901 Census he was aged 9 and living at the house of Thomas Johnson, his grandfather, at Cranage Wood.

He was living at the same house in the 1911 Census and working as a farm labourer.

He died in February 1979 at the age of 88.

### His War Record

We do not know when Frederick joined the forces but the Parish Magazine reported in February 1918 that he was in hospital but believed to be going along well.

In March 1918 he was still in hospital but after that there are no further reports.
